Instructions:

1. Use 2 1/2" of Spinel wire to string 1 crimp tube and 1 ear wire. Pass back through the tube and crimp. String 1 Amethyst stone, 1 crimp tube, and the top loop of one connector. Pass back through the tube and crimp.
2. Use 2 1/2" of Amethyst wire to string 1 crimp tube and the bottom loop of the connector. Pass back through the tube and crimp. String 1 Amethyst pebble, 1 crimp tube, and 1 Pink Tourmaline leaf. Pass back through the tube, placing it so that there is about 1/4" of wire between the top crimp tube and the Amethyst pebble, and a loose loop of wire around the Pink Tourmaline leaf, and crimp.
3. Use 4" of wire to string 1 crimp tube and the bottom circle of the connector. Pass back through the tube and crimp. String 1 Amethyst pebble, 1 crimp tube, and 1 Pink Tourmaline leaf. Pass back through the tube, placing it so that there is about 1/2" of wire between the top crimp tube and the Amethyst pebble, and a very loose loop of wire around the Pink Tourmaline leaf, and crimp.
4. Repeat Steps 1 to 3 for the second earring, making sure to flip the direction of the connector so that the earrings are mirror images of each other.
