

## Show Your Colors

Show Your Colors explores beading designs infused with color. This book features 30 projects that use color throughout the jewelry creation, from the gemstones and beads to the beading wire itself. The designs are beginner friendly and unique enough that even the more seasoned beaders will enjoy creating them. Show Your Colors is the perfect accompaniment to our ten foot spools as nearly every design in the book can be completed with a single spool. Think in color. Design in color. Show Your Colors! Co-authored by Sara Oehler and Jamie Hogsett.

## Soft Flex® Bead Stoppers

Bead Stoppers are one of our favorite stringing tools. They are easy to use and they clip on the end of an unfinished jewelry design so you do not lose your strung beads before the piece is crimped and finished. Bead Stoppers can hold multiple wires and cords. Being the innovators that we are, we helped to create Bead Stoppers with Soft Flex® Exclusive Grip Tips to make this product even easier to handle. The grip tips also make it easy to spot a Bead Stopper if you drop it and the colors allow you to personalize your collection.
